

### Extra Credits (20 points)

**Instructions:** Submit your solution to this assignment electronically to the Blackboard system (under Assignment->Extra Credits). You must provide your answers to the questions in ONE file (preferably in pdf format). **Please do not submit a zip file.**

**Taks1:** write a complete assembly program to check if the value in an array is divisible by 10. The program should count the number of values that is divisible by 10. Use stack parameters!

```
.data
MyOne WORD 1100h, 2202h, 3F30h, 4A05h, 5C20h, 0F370h, 0A9Ah
```

**Taks2:** In your opinion, what are the benefits of learning assembly language? Write a short paragraph to explain.
